

Department of Chemistry

Programme Specific Outcomes

After completing the three year degree in chemistry, students are able to achieve following outcomes

PO 1	Demonstrate, solve and understanding of major concepts in all disciplines of chemistry.
PO 2	Solve the problem and also think methodically, independently and draw a logical conclusion.
PO 3	Employ critical thinking and scientific knowledge to design, carry out, record and analyze the results of chemical reactions.
PO 4	Create an awareness f the impact of chemistry on the environment, society and development outside the scientific community.
PO 5	Find out the green rout for chemical reactions for sustainable development.
PO 6	To inculcate the scientific temperament in the students and outside the scientific community.
PO 7	Use modern techniques, decent equipments and chemistry softwares.
